

The campaign applies to USD accounts

Principles of Bonus program.

1. It is a no deposit bonus. Every new Client of the Company has the right to get this bonus. A Client can request for the bonus only once.
2. When opening an account, to which the bonus will be credited, the Client is required to specify the data that matches the one in his/her ID. It is prohibited to change personal data such as the full name once the Bonus is credited.
3. The bonus funds are not available for withdrawal; however, profits gained from trading the bonus funds can be withdrawn if all requirements stated in this Agreement are met.
4. The Client agrees that the Company reserves the right to fix and/or reduce profits available for withdrawal in an amount equal to 200% of the Bonus. Trading could be suspended at the time of this restriction.
5. The Client agrees that in some cases the Company can ask him/her to replenish his/her account with real funds. At the same time, the Company credits an additional 30% bonus to this deposit.
6. The Client agrees that profits on accounts with the Bonus are distributed proportionally between the real deposited funds and the bonus profits on the account. At the same time, a part of the profits proportional to the profits made from the bonus funds can be temporarily limited for withdrawal until a certain number of trades are made in accordance with the clause 8 of this Agreement.
7. After any withdrawal/deposit from/to the bonus account, profits gained with the Bonus are canceled.
8. Fixed bonus profits can be withdrawn after a certain amount of BUY or SELL trades are completed. The total volume of the trades should equal to 10 lots. The amount of the bonus intended for withdrawal should be fully available on the trading account when a manager considers the withdrawal request. The Company reserves the right to decline the request for bonus withdrawal without explaining the reason.
9. Bonus lifetime is 1 month. After that bonus expires. However, profit, gained with this bonus will not expire.

10. The Company reserves the right to limit or cancel the withdrawal of profit from a bonus account after the bonus expiry.
11. Leverage, that can be used is 1:100 only.
12. Withdraw method is Visa/Mastercard only.

Risks.

13. The Company reserves the right to cancel the Bonus and the profit made with it, without prior warning, so we strongly recommend not to use bonus funds in calculation of profit in your trading strategy. The Company is not responsible for any consequences of bonus cancellation, including Stop Out, because bonus is the ownership of the Company.*
14. The Client agrees that in case of decrease in the level of current funds (equity/funds ratio) on the account below the level of current bonus funds, i.e. when the point of current losses exceeds the client's real funds on the trading account, all funds from this moment will be calculated as bonus funds in full in case of no subsequent deposits on the account. In the event of deposit, funds on the account are being calculated and distributed between the bonus funds and the client's real funds in proportion to the amount of deposit and the value of the bonus funds at the time of the deposit.
15. The Company reserves the right to amend or modify the campaign terms without prior notice.

* This clause is aimed at preventing any fraudulent activity associated with the bonus system; however, its applying does not mean that all the accounts which were subject to the cancellation of previously received bonuses are found to have violated any of the rules due to the fact that in some cases it is impossible to unambiguously determine the fact of the rule's violation. There is a 10% chance that an erroneous cancellation of the bonus within the struggle against unscrupulous usage of the bonus system would take place.
